MUSIKHÖGSKOLAN I MALMÖ
Lunds universitet

We have had the great honour of having

Dr. Nağme Yarkın

visiting our academy of Music in Malmö, Sweden, 7th of May 2025.
Dr. Nağme Yarkın was the main keynote speaker during a seminar on artistic and academic freedom in Turkey. Her keynote also included a short live performance and playing of some recorded music from her album Zeybek of Freedom. She took part together with another Turkish scholar, and an administrative person from Lund University talking about Scholars at Risk.

We were most happy to have Dr Yarkin here, and her presentation was very interesting.

Sincerely,

Pär Moberg, Course director, the Folk and World Music educations
Assistant professor of Folk and World music
